Misure espresse in cm

We advise you to add 1/ 1,2 cm to the length of your foot while ordering models with a closed toe, since it will never touch it.

With these models it's preferable taking half a size more than with models with a round toe.

When ordering décolleté with a band always take half a size more, since they fit tight.

Pay attention to the plantar arch of your foot while ordering models with a 90 hill, since the higher the hill is, the higher is the chance that the plantar arch will be emphasized.

In this case you will need half a size less than with lower hills.

While measuring the plantar, pay attention to the inclination of the pen, it should always be the same one.
